Institutional Investors Cannot Afford to Ignore the Factors that Drive Value!

Heightened regulatory oversight, unhappy investors and volatile market conditions put money managers and fiduciaries at personal risk for loss. Now is the time to take action!

Hear what Susan M. Mangiero, Ph.D. has to say about managing uncertainty and improving performance.

An Accredited Valuation Analyst, CFA charterholder and certified Financial Risk Manager, Dr. Mangiero combines a unique background in theory and practice. With twenty years of experience in valuation, risk analysis, global capital markets, trading, and treasury operations, she is the author of *Risk Management of Pensions, Endowments, and Foundations*. Her extensive publications include

articles for *Risk Review*, *The Banker*, *Global Treasury News*, *Hedge Funds Review*, *Hedgeco.net*, *RISK*, *Valuation Strategies*, and *BNA Expert Evidence Report*.

Dr. Mangiero is a highly sought-after speaker for her clarity and insight. With humor and intellect, she delivers practical how-to tips, real world examples, and inspiration for decision-makers within organizations of all sizes.

RESULTS YOU CAN EXPECT

- Master specific tools to improve performance
- Discover sources of hidden risk
- Identify how to overcome process roadblocks

WHAT ATTENDEES SAY

- “I particularly admired your ability to take such difficult concepts and present them in an easy to understand manner.” (law firm partner)
- “Your presentation was informative and quite stimulating, unlike other valuation talks I’ve heard.” (law firm partner)
- “Excellent presentation, as usual.” (association president)
- “I want to thank you so much for a fabulous workshop. I appreciate the thoughtfulness you put into your two presentations for us.” (executive director)
