Decision Makers Cannot Afford to Ignore the Factors that Drive Value!

Susan M. Mangiero, Ph.D. combines her background in valuation, risk analysis, global capital markets, and treasury with academic research and experience as a successful business owner and consultant to corporations, non-profits, financial institutions, and regulators to address the factors that determine net worth and improve performance.

An Accredited Valuation Analyst, CFA charterholder and certified Financial Risk Manager, she is the author of *Risk Management of Pensions, Endowments, and Foundations*, in addition to an extensive list of publications, including a chapter about executive compensation in *Forensic Accounting in Matrimonial Divorce* and articles for *Risk Review*, *The Banker*, *Global Treasury News*, *Hedge*

Funds Review, *RISK*, *Valuation Strategies*, and *BNA Expert Evidence Report*.

Dr. Mangiero is a highly sought-after speaker for her clarity and insight. With humor and intellect, she delivers practical how-to tips, real world examples, and inspiration for decision-makers with organizations of all sizes.

RESULTS YOU CAN EXPECT

- Master specific tools to use to immediately improve performance
- Learn to accurately assess what impacts value and what to do about it
- Discover sources of hidden risk and how to implement a “best practices” approach

WHAT ATTENDEES SAY

- “Thank you for giving such an informative talk yesterday.” (law firm partner)
- “I want to thank you so much for a fabulous workshop. I appreciate the thoughtfulness you put into your presentations so much.” (executive director)
- “I particularly admired your ability to take such difficult concepts and present them in an easy to understand manner.” (law firm partner)
- “Your presentation was informative and quite stimulating, unlike other valuation talks I’ve heard.” (law firm partner)
